Ed. Harrell, A. & B., \$50 Fine and Costs.	

Military Committee Makes Its Report On Muscle Shoals

RECOMMENDS ACCEPTANCE OF FORD OFFER WITH GORGAS STEAM PLANT ELIMINATED.

(By Associated Press)
Washington, June 9.—Three separate reports setting forth the recommendations for action by Congress on proposals for Muscle Shoals projects were made to the House today by members of the Military Committee. Acting Chairman McKensie, who drafted the majority report, declared that the Ford proposal was the only one found "worthy of consideration" and asks acceptance by the House provided that the Gorgas plant is not included. Concurrence in the majority report except for reference to the Gorgas plant, was voiced in of the minority opinions by Representative Wright, of Georgia, supported by one Republican and the remainder of the Democratic members. In the third report the opinion was adverse to the acceptance of the Ford offer unless it was modified in other sections than in the Gorgas' one.

ADMIRAL BARON KATO OFFERED PREMIERSHIP OF JAPAN TODAY

(By Associated Press)
Tokio, Japan, June 9.—Admiral Baron Kato was today offered the Premiership of Japan. He asked time to consider whether he could undertake to form a cabinet to succeed that of Takahashi, which resigned Tuesday. Baron Kato headed the Japanese delegation to the Washington Arms conference.

HARDING EXTOLS GENIUS OF GEN. WASHINGTON

Princeton, June 9.—The brilliancy of Washington in action and the devotion of his followers under great deprivation was extolled by President Harding today in an address at the dedication of the Battle Monument at Princeton.

The memorial was fitting to the heroes and heroism of that day, he declared, adding "We bring, lay at its foot, laurel wreaths, which gratitude, and patriotic sentiment will always dedicate to those who have borne the heat and burden of conflict."

WEATHER REPORT

For North Carolina: Partly cloudy tonight and Saturday. Local thunder showers. Moderate variable winds.

Mrs. Kitchin, of Suffolk, Va., who has been visiting her sister, Mrs. J. H. Lewis, left yesterday.

manufacturing center in Continental Europe, and second only to Manchester, England, in factory facilities.

THE FRENCH DEBT COMMISSION WILL SAIL FOR UNITED STATES

(By Associated Press)
Paris, June 9.—The French Financial Mission going to the United States for consultation with the War Debt Funding Commission there, expects to sail June 24th, it was announced this afternoon.

The Market Clammoring For Wool

With prices of wool and lambs going up day by day, sheepmen of North Carolina will be repaid for their efforts in the business and their willingness to continue in spite of low prices.

"A large percentage of the western clip has changed hands," says the Breeders' Gazette of May 18, "and the eastern market is clamoring for wool. The marketing of 85 per cent of the Oregon clip ran the prices from 27 and 28 cents to 35 cents and 38, and in some cases 40 cents. In anticipation of further advancements, weavers are adding to the price of their fabrics."

Quotations from Philadelphia May 22 show that 1/4 and 3/8 blood wool was worth 40 cents and half blood 42 cents. As practically all wool from North Carolina grades 1-4 to 3-8, our farmers may expect 40 cents a pound at the lowest, with a possibility of 60 cents in the future. To find what your wool is worth, ask your freight agent the rate to Philadelphia and deduct from quoted prices.

Attention is also called to the possibility of getting more money for your wool and lambs by cooperative shipments. Ask your county agent about this, and if you have no county agent, write to the Division of Markets, N. C. Department of Agriculture, Raleigh, N. C., and they will aid in every possible way.

STRIKE ON INDIAN RAILWAY ENDED

Calcutta, June 9.—The general strike on the East Indian railway, after dragging on for more than two months, had finally come to an end. The strikers have accepted the offer made recently by the Agent of the railway, and are resuming work at practically all points along the line.

The conciliation between the railway officials and the workers has been facilitated by the efforts of F. C. Andrews, who acted as a mediator. Mr. Andrews is an Englishman, formerly engaged in missionary work. He now wears Indian clothing and has made himself prominent in upholding the Indians in their efforts to obtain complete home rule.

News of the ending of the strike has come as a great relief, for its continuance was proving distressing to many ways.

REVIVAL AT THE BAPTIST CHURCH NEXT WEEK

Beginning next Monday evening at the 8:00 o'clock hour, there will be held a series of Revival Services at the Baptist Church. Services will be held daily at 4:00 and 8:00 P. M.

Dr. J. F. Black of Albemarle, the Evangelist, is a man of wide experience and usually gifted in evangelistic work. Dr. Black has held 486 revival meetings and in these meetings there have been received into the churches members, sufficient in numbers, to constitute 300 strong churches. With Dr. Black, will be Prof. A. A. Lyon, of Atlanta, Ga., as Director of the Music. Dr. Lyon expects to organize a large chorus choir and with the talent we have in Scotland Neck, under the direction of so able a musician, the music will become of features of the meetings.

We hope the public will not only attend these meetings but heartily cooperate in all of the services that the blessings of such a meeting may go to the entire community and not simply to the Baptist church.

Monday evening at 6:30, Dr. Black and Prof. Lyon will be the guests of the "Good Fellowship Club" of the church, at a supper to be given in their honor in the dining room of the church.

CHAS. ANDERSON, Pastor.

Russia Needs Vast Amount of Machinery

Moscow, June 7.—Russia needs a vast amount of machinery and other material for the upbuilding of her industries, but instead of a flood, the incoming streams of supplies are tiny and hardly make any impression on the actual needs of the country. Had the Genoa conference agreed upon an international loan to help Russia conditions in this regard might be much more favorable today, it is pointed out, but as it is, Soviet officials are saying: "A little water is welcome in a desert."

Up to the present time the German-Russian agreement signed at Genoa has not been followed by any great economic co-operation between the two countries, nevertheless German salesmen, German experts and German scouts for German capitalists are arriving in Moscow in constantly increasing numbers. Every train from Riga brings dozens of them and they are scattering to the four corners of Russia to buy, or sell, or build, or just look around. Some of them return to Germany disgruntled with business chances. Others stay and do business.

Foreign money is coming into Russia in dribbles, and foreign industrialists, particularly German, are accepting concessions with a measure of control by the Bolshevik government.

Herr F. Shottack, charge d'affaires of the Ferman mission at Petrograd, has announced in the ISVgESTA that a Russo-German Chamber of Commerce is to be organized at Petrograd "Germany," he said, "will give Russia technical help. I am of the opinion that Russia and Germany can re-establish their economic life by their own efforts."

This feeling of Herr Shottack is shared by many Soviet officials with whom the correspondent has talked. They never had much hope, after they learned that America would not participate in Genoa, that they could expect any immediate economic help from the allies.

The Russian Foreign Trade Department and the Supreme Economic council discontinued many negotiations with individuals seeking concessions or en-

TELEGRAPHERS' WAGES PROBABLY NOT BE REDUCED

(By Associated Press)
Chicago, Ill., June 9.—Railroad telegraphers will probably not be included in the third wage reduction order of the Railroad Labor Board, according to rumors today of contemplated slash from railroad payrolls.

The telegraphers number approximately eighty-one thousand. Although the Board members made no direct statement on the next cut rumors persisted in predicting a smaller cut for clerks of the forces than those affecting the shopmen.

STRIKE VOTE WILL BE CANVASSED JUNE THE 5TH

Cincinnati, O., June 9.—The executive committees of the six railway shop crafts unions in each of the country's three divisions will convene in Chicago June 24th preparatory to canvassing the shopmen's strike vote which is returnable June 25th, it was announced here today by B. M. Jewell, head of the Federated Shops Unions.

Russian Opera Stars Turn to America

MOSCOW, June 9.—As Moscow's opera and dramatic season approaches its close, scores of Russia's best artists are turning their eyes longingly toward America. If the American State Department consents, Madame Nieshdanova, premier soprano of Russia; M. Sobinoff, Russia's most noted tenor, and several others of the Moscow Grand Opera may appear in New York this fall.

Madame Nieshdanova, a coloratura soprano who, with Chialapin and Sobinoff, formed an operatic trio which has won high praise in Russia, already has permission of the Soviet government to leave for abroad. She has long been favorably known in Russia, and although somewhat advanced in years, she still retains her voice. Madame Nieshdanova sang frequently with Caruso in Europe.

M. Rumiaseff, administrative director of the Moscow Art Theater, is preparing to leave within a short time for New York to arrange there for the presentation, of several of the Art Theater's most famous dramas.

EXPLORERS REACH THE HIGHEST ALTITUDE EVER ATTAINED BY MAN

(By Associated Press)
London, June 9.—The Times announces that some members of the Mount Everest party have reached the highest altitude attained by man—twenty-six thousand eight hundred feet. The previous record was twenty-four thousand five hundred and eighty-three feet.

deavoring to make sales, while the Genoa conference was in session. These negotiations are now to be renewed.

Soviet Ruble At Lowest Value

Moscow, June 8.—The Soviet ruble has now reached such a low value that cabmen, shopkeepers and other persons refer generally to millions as "lemons," or lemons. The minimum fare for a short cab ride is generally "lemon," or one lemon.

In restaurant menus and other price lists the final six ciphers are generally cut off, for example, the price of an order of beefsteak, really: 3,200,000 rubles is expressed as 3.20 rubles.

For the past few weeks the rub rate of exchange has been in the neighborhood of 4,000,000 rubles to the dollar, making one "lemon" worth about 25 cents American.

Food prices soar daily to such an extent that a housewife, with money enough to buy 10 pounds of bread today, may be able to buy only six pounds tomorrow.

POLISH COTTON INDUSTRY EXCEEDS PRE-WAR RECORD

Warsaw, June 9.—Official figures published today by the Polish Ministry of Trade and Commerce reveal the fact that the cotton industry in Lodz during the first three months of 1922 surpassed the pre-war output. Export to Western Europe, the Ministry's report shows, is on the increase, due largely to the importation of American raw materials. Lodz is the largest cotton
